Trigger index — Paper 6 IBS

One line per past question. Read a line as: **when the case gives you THIS → go HERE → apply THIS rule.** Page column is blank: fill it with the page in *your* copy of the book (ICAI SM / Bare Act / Digest). Source column = sitting and question, so you can go back and practise it.

Sittings: M24 May-24 · N24 Nov-24 · M25 May-25 · S25 Sep-25 · J26 Jan-26 · M26 May-26.

Legend: SM = ICAI Study Material. BA = Bare Act. Dig = Case Study Digest.

Sheet 1 — GST & Customs

Trigger (what the case gives)	Go to	Rule	Page	Src
service done · advance received before a rate change · invoice issued after	CGST s.14 time of supply on rate change	2 of 3 events (supply / invoice / payment) before change → old rate applies		J26 1.5
unregistered buyer · goods delivered to a third party at another address	IGST s.10(1)(ca) bill-to/ship-to	unregistered recipient → place of supply = delivery address on invoice		J26 1.5
dept intimates short payment before SCN · company pays part + 15% penalty · SCN still issued	CGST s.74(5)–(8)	pre-SCN: full tax + interest + 15% penalty → no SCN; shortfall → SCN for balance. Post-SCN remedy: pay within 30 days + 25% penalty → proceedings end		J26 1.6
trust runs residential yoga/meditation camp with lodging · rents community hall · hires security & housekeeping	Exemption Notif. 12/2017 (charitable); RCM Notif. 13/2017	yoga/spirituality camp = charitable → exempt; hall rental by trust > ₹10,000/day taxable; security services by body corporate → no RCM; manpower by proprietorship → no RCM on trust unless registered		J26 3.4
fee paid to independent directors · ITC on GTA invoices · GST paid via bank remittance · ITC on machinery	RCM Notif 13/2017 entry 6; s.16 ITC	director (non-employee) fees → RCM on company; GTA 5% with no ITC to GTA, recipient RCM; ITC on capital goods allowed if used in business		J26 4.5
price not the sole consideration (goods given in kind) · parties related or not	CGST s.15 + Rule 27	not sole consideration → (a) open market value, else (b) money + money-value of non-monetary part		J26 4.7
supply to SEZ / merchant exporter · goods sent under bond/LUT · bank guarantee	IGST s.16 zero-rated; Rule 96A LUT; Notif. 41/2017 merchant export @0.1%	SEZ supply = zero-rated; LUT needs no BG; merchant-export 0.1% needs registered buyer + export in 90 days		J26 5.1
FOB in foreign currency · several exchange rates (RBI / CBIC / BoE date / arrival date) · BCD rate changed between BoE and arrival · freight, insurance, agent commission	Customs s.14 (value), s.15 (rate), Valuation Rules r.10	exchange rate = **CBIC rate on bill-of-entry date**; duty rate = rate on **later** of BoE / entry inwards; add freight (actual, cap 20% FOB), insurance (actual or 1.125%), buying-commission excluded but selling-agent commission included; then BCD → SWS 10% of BCD → IGST on (value + BCD + SWS)		M26 1.1
stock destroyed in fire · ITC already claimed · CSR purchases with ITC claimed · machinery destroyed	CGST s.17(5)(h), s.17(5)(fa)	ITC on goods lost/destroyed/gifted → blocked, reverse; CSR expenditure ITC blocked (from 1-Oct-23); capital goods destroyed → reverse ITC on remaining useful life (r.44)		M26 1.4
sponsorship of event by a company · supplier is a club/ body	RCM Notif 13/2017 entry 4	sponsorship to a body corporate / partnership → **recipient** pays under RCM		M26 2.3
ITC claimed in the month of invoice but goods received next month · ITC on outdoor catering for dealer event · gifts to employees	s.16(2)(b), s.17(5)(b), Sch I para 2, s.50, s.74A	ITC only when goods **received**; catering blocked unless for onward catering/ composite supply; employee gifts ≤ ₹50k not supply but ITC on gifts blocked; interest 18% on *utilised* wrong ITC from utilisation date		M26 2.8
import procedure "in sequence": entry inwards, IGM, bill of entry, assessment, out-of-charge, warehousing	Customs s.29–31, 46, 47, 59–60	IGM → entry inwards → bill of entry (home consumption/warehousing) → self-assessment → duty → out-of-charge; warehousing BoE then ex-bond BoE		M26 3.4
airline: meals on board · PSF / UDF collected · ITC on catering	Composite supply s.2(30), s.8; pure agent r.33	on-board meal = composite with transport as principal → ITC on catering allowed; PSF/UDF collected as pure agent → excluded from value		M26 5.4

Trigger (what the case gives)	Go to	Rule	Page	Src
importer wants duty-free inputs · export obligation · supplies made to SEZ instead of physical export	FTP Advance Authorisation (ch.4)	AA available to manufacturer-exporter; supply to SEZ counts as deemed export for AA **only** if paid in free foreign exchange; otherwise EO not fulfilled		S25 1.3
supplier not paid within 180 days of invoice · ITC was availed · interest?	CGST s.16(2) 2nd proviso, Rule 37, s.50	reverse ITC proportionate to unpaid value in the GSTR-3B after 180 days; interest 18% from date of availing; re-avail on payment, no time limit		S25 1.8
broker / stock-exchange services to a registered client · invoice shows wrong state	IGST s.12(12) (financial & stock-broking)	place of supply = **location of recipient** on supplier's records; wrong-state invoice → ITC not eligible to recipient		S25 2.5
exporter wants export warehouse · FTP benefits · deemed exports · EPCG	FTP ch.4–5, 7	export warehouses permitted (Customs Circular); EPCG 6× duty saved EO in 6 years; deemed export benefits for supply to EOU/AA/EPCG holders		S25 3.5
multi-location unit · purchases include employee transport, canteen, works contract, motor vehicles · "how much ITC"	CGST s.17(5)(a)–(d)	motor vehicle ≤13 seats blocked; canteen/transport blocked unless **statutorily obligatory**; works contract for immovable property blocked unless for P&M or further WCS		S25 4.5
imported goods warehoused · removed after 90 days · "duty and interest"	Customs s.59, 60, 61, 72, 47	interest u/s 61(2) at 15% from expiry of 90 days to date of payment; duty at rate on date of ex-bond BoE; bond = 3× duty		S25 5.7
GST consultant helped file a false return · "maximum penalty on him"	CGST s.122(3)	any person who aids/abets → penalty up to ₹25,000 (CGST) + ₹25,000 (SGST) or ₹50,000 under IGST		M24 1.1
passenger vehicles & fork-lift bought · "ITC available"	CGST s.17(5)(a)	motor vehicles ≤ 13 seats blocked unless for further supply / transport / training; fork-lift is not a "motor vehicle for transport of persons" → ITC allowed		M24 1.4
sponsorship of event paid by a body corporate	RCM Notif 13/2017 entry 4	body corporate / partnership recipient pays under RCM		M24 2.2, M26 2.3
machinery supplied with buyer-provided items / subsidies / discounts	CGST s.15(2)–(3)	add taxes other than GST, buyer-borne costs, subsidies (non-govt); post-supply discount excluded only if pre-agreed and ITC reversed		M24 2.3
company can't claim ITC on items used for exempt / personal purposes (case list)	s.17(1)–(2), s.17(5)	apportion for exempt supplies (r.42/43); blocked list; club membership, personal consumption, free samples		M24 3.3
ITC omitted in a month · "how and until when to claim"	CGST s.16(4)	claim in a later GSTR-3B up to **30 Nov following the FY** or annual return, whichever earlier		M24 5.4
services to foreign client · payment in forex · "value of export of service" · s.2(6) IGST	IGST s.2(6), s.13	all five conditions (supplier India, recipient outside, POS outside, forex, not same-entity establishments); exclude Indian-branch portion		M24 5.5
foreign national comes to India for an event · "non-resident taxable person"	CGST s.2(77), s.24, s.27	NRTP must register 5 days before, pay advance tax, validity 90 days (+90); no threshold		M24 5.7
goods sent on sale-or-return · "date of invoice"	CGST s.31(7)	invoice at earlier of approval or **6 months** from removal		N24 1.3
IGST paid on machines · credit in GSTR-3B · "correct treatment"	s.16, s.49, r.36(4), r.88A	IGST credit first against IGST, then CGST/SGST any order; capital goods full ITC if not depreciated on GST		N24 1.8
govt dept pays contractor > ₹2.5 lakh · "TDS under GST"	CGST s.51	2% (1% CGST + 1% SGST, or 2% IGST) on contract > ₹2.5 lakh; deposit by 10th		N24 2.5
services from supplier outside India · recipient in India · "who pays GST, which month"	IGST s.13(2), RCM entry 1; s.13(3) time of supply	import of service → recipient RCM; time = earlier of payment or 60 days from invoice		N24 2.7
SCN issued · no reply / no payment · "penalty"	CGST s.73(9)/(11), s.122	s.73: 10% of tax or ₹10,000, whichever higher; nil if paid within 30 days of SCN		N24 3.5
new branch registration · "transfer ITC to new registration"	CGST s.18(3), r.41/41A	ITC transfer only on sale/merger/transfer of business or **within-state** separate registration (ITC-02A) pro-rata to assets		N24 4.4
taxable supplies > ₹50 lakh in a month · pay all tax from credit ledger?	Rule 86B	at least 1% of output tax must be paid in cash (exceptions: income-tax > ₹1 lakh paid, refund > ₹1 lakh, cumulative 1% paid)		N24 4.7

Trigger (what the case gives)	Go to	Rule	Page	Src
machinery sent for job work · returned late · "ITC / deemed supply"	CGST s.19, s.143	capital goods back within **3 years** (inputs 1 year) else deemed supply on day sent; moulds/dies/jigs exempt from time limit		N24 5.3
duty paid on imported machinery used in manufacture · refund claim rejected	Customs s.27 unjust enrichment	refund only if duty burden not passed on; machinery used for manufacturing → burden presumed passed into product price → refund denied		N24 5.1
import · price renegotiated before/after import · "customs duty"	Customs s.14	value = transaction value at time of import; renegotiation before importation completes → new price; after → original		N24 3.4
GST dept wants "special audit" · time limit	CGST s.66	only if proper officer (AC+) with Commissioner approval finds value/ITC issues during scrutiny/inquiry; CA/CMA nominated; 90 days + 90		M25 1.3
corporate guarantee by holding to bank for subsidiary · personal guarantee by director	r.28(2) + Circular 204/2023	corporate guarantee value = 1% of guaranteed amount p.a. or actual consideration, whichever higher; director personal guarantee → value nil (no consideration)		M25 2.4
warranty replacements · extended warranty sold separately · "GST & ITC reversal"	Circular 195/2023, 216/2024	free replacement under warranty: no GST, no ITC reversal; extended warranty sold separately = separate supply, taxable		M25 2.5
warranty goods moved inter-state · e-way bill? · how long to keep records	r.138; s.36	e-way bill needed for movement > ₹50,000 even if not a supply (delivery challan); records kept 72 months from annual return due date		M25 5.7
month-wise ITC list with blocked items	s.16, 17(5)	classify each item: allowed / blocked / apportion		M25 4.6, S25 4.5

Sheet 2 — Direct Tax

Trigger	Go to	Rule	Page	Src
charitable trust · registration expiring · form 10AB · CA certification?	s.12A(1)(ac), Rule 17A	renewal application ≥ 6 months before expiry; form 10AB electronic with self-certified copies; no CA certificate needed		J26 3.5
trust income: grants · voluntary contributions · corpus · application of income · accumulation	s.11, 12, 13, 115BBI	apply 85% in year; 15% free accumulation; corpus donations exempt if invested u/s 11(5); anonymous donations 30% u/s 115BBC		J26 3.7
specified business (hotel / cold chain / warehouse) · capital expenditure · asks "investment-linked deduction"	s.35AD	100% of capex excluding land/goodwill/financial instrument; **Nil if company opted s.115BAA/BAB** or business not notified		J26 4.2
asset bought on foreign-currency loan · exchange loss at year-end · unpaid	ICDS VI + s.43A	s.43A adjusts actual cost **only on actual payment**; ICDS VI: fixed asset non-monetary → no restatement; depreciation on cost as adjusted		J26 5.8
Tea / coffee / rubber business · Tea Development Account · withdrawal · part unused · spent on office / land · land later sold	s.33AB	deduction = lower of deposit or 40% of profits; withdrawal not used for scheme purpose within the year → taxable business income; asset bought from withdrawn amount sold within 8 years → cost taxed as business income in year of sale; land gain = LTCG separately		M26 1.3
opening WDV · asset destroyed, insurance received · new asset bought · "put to use" dates (some < 180 days) · solar / computers / office furnishing	s.32, s.43(6), s.32(1)(iia)	block WDV + additions − moneys received for destroyed asset; additional depreciation 20% on new P&M (not office/furniture/computers in office); < 180 days use → half rate (and balance 10% next year); solar is P&M		M26 1.8
company proposes buy-back · "consequences for shareholders and company"	s.115QA (repealed), s.2(22)(f), s.46A, s.10(34A) from 1-Oct-24	buy-back after 1-Oct-24: whole consideration = **deemed dividend** in shareholder hands, cost = capital loss; company no BBT; TDS u/s 194 at 10%		M26 2.7
appeal pending at CIT(A) · CIT invokes s.263 on other issues · appeal at ITAT · "course of action"	s.246A, s.263, s.253, s.254	s.263 cannot touch matters decided in appeal (Explanation 1(c)) but can on other issues; ITAT appeal within 60 days; stay application; cross objections 30 days		M26 3.8
TDS on salary · employee's evidence for exemptions · "assessee in default" · reimbursements	s.192, s.201, Rule 26C Form 12BB	employer relies on Form 12BB evidence → not assessee in default; perquisites valued per Rule 3; tax on non-monetary perqs can be paid by employer u/s 192(1A)		M26 5.3
airline pays lease rent to IFSC unit · engine lease to foreign company · landing & parking charges short-deducted	s.10(4F), s.194-I, s.195, s.194C; CBDT circ. on landing charges	aircraft lease rent to IFSC lessor exempt u/s 10(4F) → no TDS; engine lease to NR → s.195 / DTAA; landing & parking = contract (s.194C 2%) not rent (s.194-I) per *Japan Airlines* SC		M26 5.8
tax audit · list of issues · "which go in Form 3CD"	s.44AB, Form 3CD clauses 21, 22, 26, 31, 34	disallowances (40A(3), 43B), loans > ₹20k otherwise than by cheque, TDS compliance, MSME interest → reportable; purely Ind AS presentation issues → not		S25 1.5
foreign parent holds ≥ 26% · sister company · "associated enterprise" · AO refers to TPO	s.92A, 92B, 92CA	≥ 26% voting power (direct or through common parent) → AE; AO may refer to TPO with PCIT approval; TP applies to international transactions even via group		S25 2.2
"most appropriate method" · which factors	Rule 10C	nature of transaction, availability/reliability of data, degree of comparability, extent of adjustments, reliability of assumptions		S25 2.6
dividend to residents & non-residents · professional fees · rent · contractor · "TDS on each"	s.194, 195, 194J, 194-I, 194C	dividend resident 10% (> ₹5k), NR 20% + DTAA; fees 10% (2% technical); rent 10%; contractor 1%/2%; check thresholds		S25 4.6
"book profit u/s 115JB" · Ind AS company · OCI items · provisions · deferred tax	s.115JB(2A)–(2C)	start from Ind AS P&L; add provisions, DT, dividend-free income; adjust OCI items that will never reclassify; transition adjustments over 5 years		S25 5.8

minority wants s.241 petition · some withdraw consent	CA s.244	≥100 members or 1/10 of members or 1/10 of share capital at filing; later withdrawal doesn't affect maintainability		N24 3.8
contract with a company where director's relative is interested · "s.188?"	CA s.188, s.2(76)	check if counterparty is a related party at all; if not, ordinary contract		N24 5.4
commission to MD > 5% · sitting fee changes	CA s.197(1) provisos, Rule 4	> 5% to one MD needs SR; total managerial > 11% needs SR; sitting fee ≤ ₹1 lakh		N24 5.6, M26 5.5
director of another company that didn't file FS for 3 years · re-appointed · DIN	CA s.164(2), s.167(1)(a)	disqualified for 5 years from the default; vacates office in all other companies; appointment void; DIN not deactivated for 164(2)		M25 1.6
additional director, casual vacancy, alternate — who appoints	CA s.161	board appoints additional (till AGM), alternate (absent ≥ 3 months), casual vacancy (board, approved at next GM)		M25 2.3
iPhone gift from foreign friend · FCRA	FCRA s.2(1)(h) Expl 3 + Rule 6A	personal gift from relative/friend excluded only if market value ≤ ₹1 lakh; else intimate in FC-1 within 3 months		M25 3.4, M24 2.1
NRI inherited agricultural land · transfer · gift	FEMA NDI Rules	NRI may transfer inherited agri land only to resident Indian; cannot gift to NRI		M25 3.5
director wants to pay insurance premium for brother · premium payment on behalf	Insurance / FEMA / CA s.185?	per answer: not permitted — check facts: payment on behalf of relative abroad / insider		M25 4.4
ODI in financial services abroad	OI Rules 2022 Sch I	Indian entity in financial services may invest abroad only if profitable 3 years, regulated, NOC from regulator		M25 5.6, J26 3.3
hostile takeover defence	Takeover defences	poison pill, white knight, crown jewel, pac-man, golden parachute, divestiture, buy-back		M25 5.8

Sheet 4 — Financial Reporting (Ind AS)

Trigger	Go to	Rule	Page	Src
preference share · fixed coupon · convertible into N shares · redeemable after N years · market rate given	Ind AS 32 compound instrument	liability = PV(coupons) + PV(redemption) at market rate; equity = issue price − liability (residual)		J26 1.4
forward contract to buy more shares · currently below 50% · control date? · derivative?	Ind AS 110 B47–B50 + Ind AS 109	potential voting rights count only if **substantive**; forward to acquire shares is a derivative at FVTPL until settled; NCI split on actual holding		J26 2.2
new ESOP granted (by parent/other) on condition old ESOP surrendered	Ind AS 102 B42–B44 replacement award	treat as **modification**: continue original grant-date expense + incremental FV (new FV − old FV at replacement date) over remaining vesting		J26 2.7
asset bought below fair value · spares / standby equipment · FV disclosure?	Ind AS 16 + Ind AS 2	recognise at **cost** not FV; spares = inventory unless they meet PPE definition; FV disclosure not required for cost-model PPE		J26 4.4
revaluation gain · later disposal of asset	Ind AS 16 para 39–41	gain → OCI (revaluation surplus); on disposal → transfer **directly to retained earnings**, never through P&L		J26 5.5
"is this accounting policy material to disclose"	Ind AS 1 para 117–117E	policy info material if: changed during period, chosen among alternatives, developed under Ind AS 8, complex, or involves significant judgement		J26 5.6
machine bought in foreign currency · unpaid at year-end · two year-ends · "exchange gain/loss as per Ind AS"	Ind AS 21 para 23, 28	payable = monetary → restate at closing rate each year-end; difference → P&L; PPE (non-monetary) stays at transaction-date rate		M26 3.5
acquisition · fair values vs tax bases of acquired assets · "deferred tax and goodwill"	Ind AS 12 para 19, 66; Ind AS 103	DTL/DTA on FV − tax base of each asset (not on goodwill itself); goodwill = consideration − (net FV assets − net DTL)		M26 3.6
segment / division · by-products · scrap · "closing stock"	Ind AS 2 para 14	by-products/scrap at **NRV deducted from cost of main product**; joint products allocated rationally; closing stock lower of cost / NRV		M26 4.6
lessee decides to exercise extension option after some years · "journal entry" · PV factors	Ind AS 116 para 20–21, 39–43	reassessment (not modification): remeasure lease liability at **revised discount rate** for remaining + extended term; adjust ROU asset by same amount		M26 5.7
interim FS (condensed) · a later change affects the period · "amend?"	Ind AS 34 + Ind AS 10	condensed form doesn't exempt from adjusting events; adjust if the event gives evidence of year-end condition		S25 1.4
sports franchise bought · fixed fee · player contracts · stadium lease · "how structured"	Ind AS 103, 38, 116, 110	franchise right = indefinite-life intangible (impairment-tested, not amortised); player contracts = finite-life intangible; stadium = ROU; consolidate the SPV		S25 2.8
sitting fees to a non-exec director · loans to relatives of KMP · "Ind AS 24 disclosure"	Ind AS 24 para 9, 17, 18	non-exec directors are KMP; disclose compensation incl. sitting fees; relatives of KMP are related parties; disclose by category		S25 3.2
PPE disposal · accounting policy · presentation · IFC · calculation	Ind AS 16 para 67–71	derecognise on disposal/no future benefit; gain = net proceeds − carrying amount, in P&L (not revenue); controls are not an accounting policy		S25 3.3
machinery lease in foreign currency · initial & subsequent measurement · presentation	Ind AS 116 + Ind AS 21	lease liability = PV of payments (monetary → restate at closing rate, diff to P&L); ROU at historical rate, depreciated; present separately or disclose line items		S25 3.8
acquisition: agreement date vs approval date vs control date · earn-out in shares or cash	Ind AS 103 para 8–9, 39–40	acquisition date = date **control obtained** (often closing, can be earlier if control passes); contingent consideration settled in cash/variable shares = **financial liability** at FV		S25 4.4
loyalty / gold-card scheme · points · stand-alone selling prices · "income and contract liability"	Ind AS 115 para 22–30, B39–B43	allocate consideration between goods and points on relative SSP (points at FV × expected redemption); points = contract liability until redeemed		S25 5.5
inventory cost formula changed (FIFO ↔ WAC)	Ind AS 8 para 5, Ind AS 2	change of cost formula = **change in accounting policy**, retrospective		M24 1.5
building leased out · was PPE · "reclassify to investment property? policy change?"	Ind AS 40 para 57, Ind AS 8 para 16	transfer when use changes; applying a policy to a new situation is **not** a policy change		M24 1.6
ROU asset initial measurement with initial direct costs, incentives	Ind AS 116 para 24	ROU = lease liability + prepaid + initial direct costs + restoration − incentives received		M24 2.4

Trigger	Go to	Rule	Page	Src
defined benefit plan · actuarial gain/loss	Ind AS 19 para 120	remeasurements → OCI, never recycled		M24 2.5
variable consideration during contract · estimate changes	Ind AS 115 para 50–58, 87	expected value / most likely; constrain; update cumulative catch-up		M24 3.6
lawsuit · probable outflow · timing · "provision amount"	Ind AS 37 para 14, 45	best estimate, discounted if material; disclose contingent if only possible		N24 1.1
concessional govt loan · "grant amount"	Ind AS 20 para 10A + Ind AS 109	grant = loan proceeds − FV of loan at market rate		N24 1.2
interim report issues raised by board	Ind AS 34	same policies as annual; condensed OK; materiality for interim period		N24 2.3
inventory / receivables beyond 12 months · "current?"	Ind AS 1 para 66, 68	current if realised within the **operating cycle** even if > 12 months		N24 2.6
error found in prior FS · incorrect application of policy	Ind AS 8 para 41–42	restate comparatives retrospectively; disclose nature, amount per line		N24 3.6
software bought for POS · costs to capitalise	Ind AS 38 para 27–28	purchase price + import duties + directly attributable (installation, testing) − trade discounts; training excluded		N24 4.1
intangible assets disclosure list	Ind AS 38 para 118–128	by class: useful lives, methods, gross/accumulated, reconciliation, R&D expensed		N24 4.8
loss on transfer of equipment to a joint venture	Ind AS 28 para 28–30 / Ind AS 36	impairment loss → recognise immediately in full; no deferral		M25 1.5
CGU carrying amount vs recoverable amount after some years	Ind AS 36 para 59, 104	impairment = carrying − recoverable; allocate to goodwill first then pro-rata		M25 1.8
warranties · board resolution creating obligation	Ind AS 37 para 10, 14	constructive obligation needs published policy / valid expectation; provision for expected warranty cost		M25 2.2
PF trust with guaranteed return	Ind AS 19 para 7–8	guaranteed return → **defined benefit**; measure net DB liability		M25 3.2
segment reporting · single customer ≥ 10%	Ind AS 108 para 34	disclose reliance on major customers (≥ 10% of revenue)		M25 4.1
presenting an extra earlier year · term loan with covenant breach	Ind AS 1 para 38C, 74	extra comparatives allowed if Ind AS-compliant; breach at year-end with no waiver → **current**		M25 5.4
gain on PPE recorded · cost vs revaluation model · IFCoFR	Ind AS 16 para 29–31	choose model per class; gains on revaluation → OCI; control over fair-value process		M25 5.5

Sheet 5 — AFM

Trigger	Go to	Rule	Page	Src
"strategic financial management" · resource allocation · "limiting factors"	SM AFM ch.1	limiting factor = **capital availability** only; mode of financing / opportunities / earnings potential are not		J26 1.3
book value per share · ROE · retention % · Ke → "price today"	Gordon & Walter	EPS = BV × ROE; DPS = EPS × payout; g = ROE × b; Gordon P = $D_1/(Ke-g)$; Walter P = [D + (r/Ke)(E−D)]/Ke		J26 1.8
two companies, one wants fixed one floating · OTC vs exchange · bid-ask vs brokerage · marking to market	Interest rate swap vs futures	swap = OTC, bid-ask, no MTM; futures = exchange, brokerage, daily MTM; comparative advantage decides who borrows fixed		J26 2.3
bonds with different maturity / coupon / YTM · "interest-rate risk" · "price over time"	Bond duration & pull-to-par	longer maturity/lower coupon → higher IRR; premium bond price falls to par, discount bond rises		J26 3.2
importing first-of-its-kind equipment · "identify risks"	Risk types	operational, technology, currency, political/regulatory, counterparty		J26 3.8
CFO forecasting exchange rate from past data · "technical" · range estimates	Exchange rate forecasting	technical = past price patterns, point not range estimates, uses spot history; fundamental = macro variables		J26 5.3
"parameters to identify currency risk"	Currency risk factors	government action, nominal interest rate, inflation rate, natural calamities, war/ political, change in expectations		J26 5.7
foreign-currency payable · spot & forward · borrow / deposit rates both countries · LC credit + commission · "most cost-effective hedge"	Forex hedging: forward vs MMH vs LC	forward cost = amount × fwd; MMH = PV at foreign deposit rate, borrow INR at Indian borrowing rate (compound per terms); LC = foreign credit interest + commission, converted at forward; pick lowest rupee outflow		M26 1.7
capitalisation of earnings · capitalisation rate given · adjusted profits	Valuation — capitalised earnings	value = maintainable future earnings ÷ cap rate; adjust for non-recurring items; question ambiguous → ICAI accepted two options		M26 2.1
foreign project · output units · selling price in USD · several exchange-rate scenarios · "CFAT and NPV"	International capital budgeting	compute CFAT in foreign currency per scenario, convert at scenario rate (or discount in FC and convert PV); include tax, depreciation shield, WC		M26 3.7
"6 × 9 FRA" · reference rate at settlement · notional · 360-day year	FRA settlement	settlement = N × (ref − FRA rate) × (days/360) ÷ (1 + ref × days/360); buyer gains if ref > FRA		M26 4.1
retire existing bonds and issue new · call premium · flotation costs · tax rate · PVIFA	Bond refunding NPV	PV of after-tax interest saving over remaining life − after-tax net initial outlay (call premium net of tax, new flotation, overlap interest); discount at after-tax cost of new debt		M26 5.2
CFO wants to redeem bonds early · "when feasible" · "method" · "extra interest"	Bond refunding	feasible only if bonds have **call** feature and rates have fallen; use NPV of refunding; overlap interest during call notice period is an extra cost		S25 2.7
export receivable · forward · MMH · **option premium** · leave unhedged · "best choice"	Forex hedging incl. options	forward = amount × bid forward; MMH: borrow FC now (PV), convert at spot bid, invest INR; option: strike × amount − premium (FV of premium at borrow rate); unhedged = expected spot; choose max INR inflow		S25 3.7
exposure in a currency with no direct INR quote (e.g. Naira) · USD quotes given · forward cover · later spot	Cross rates + hedging evaluation	cross rate = (INR/USD) ÷ (Naira/USD); expected loss = exposure × (spot − expected); compare forward vs actual later spot to judge cover ex-post		S25 4.7
merger · exchange ratio at market prices · "post-merger EPS"	M&A — exchange ratio	ratio = MPS target ÷ MPS acquirer; new shares = target shares × ratio; EPS = combined earnings ÷ (old + new shares)		S25 5.2
project NPV with risk-adjusted discount rate	RADR	discount at risk-free + risk premium; decision on NPV sign		M24 1.2
acquisition: shares to issue, EPS, market price post-merger	M&A — exchange ratio	new shares = target shares × ratio; combined EPS; MPS = EPS × PE		M24 2.6, M25 5.2, S25 5.2
"broad procedures to decide whether to hedge and choose instrument"	Forex risk management steps	measure exposure → forecast → risk appetite → compare instruments (forward, MMH, option, swap) → execute → monitor		M24 2.7

Trigger	Go to	Rule	Page	Src
machine evaluation — two machines, different lives	Equivalent annual cost	NPV ÷ annuity factor; pick lowest EAC		M24 4.7
EMA of Sensex · "bullish?"	Technical analysis — EMA	EMA_t = α·P_t + (1−α)·EMA_{t−1}, α = 2/(n+1); price above rising EMA = bullish		M24 5.6
portfolio manager fee on returns above hurdle	Fee computation	fee = rate × (return − hurdle) × corpus		N24 2.4
GDRs to issue for a foreign project	GDR issue	shares needed = funds ÷ (issue price × (1 − discount) × ratio), after expenses		N24 3.1
distressed company: long debt, short equity	Distressed securities arbitrage	capital-structure arbitrage; debt recovers, equity falls		N24 4.3, 4.6
forward vs money-market hedge · "when is MMH better"	Hedging comparison	MMH better when interest differential favours it vs forward premium (IRP deviation)		N24 5.2, 5.7
EVA · "indicate efficiency of decisions to shareholders"	EVA	NOPAT − WACC × capital; positive = value created		M25 1.7
which currency to borrow (rates + expected depreciation)	Borrowing cost comparison	effective cost = (1+i_f)(1+ expected depreciation) − 1; compare with domestic		M25 2.7
dividend constant growth model price	Gordon	$P = D_1/(Ke - g)$		M25 4.2, J26 1.8

Sheet 6 — Audit & Ethics

Trigger	Go to	Rule	Page	Src
EQCR named · listed entity · engagement partner consults him	SA 220 + SQC 1	EQCR **reviews** plan, materiality, consultations, conclusions; never participates in or decides for the team		J26 1.2
quarterly / interim results · "limited review" · which procedures	SRE 2410	procedures = inquiry + analytical; understand entity & controls; **no** corroboration / tests of controls / confirmations unless matter arises		J26 2.5
during limited review auditor notices obsolete inventory	SRE 2410 para 22–24	may perform additional procedures when a possible material misstatement comes to attention; unresolved → qualified/adverse conclusion in review report		J26 2.8
bank / lender asks auditor for working-paper extracts	CA Act Sch II Part I cl.1; SA 230 A2	working papers are auditor's property; disclose only with client consent or legal requirement; duty survives engagement		J26 4.8
auditor's report on **summary** financial statements · opinion wording	SA 810	opinion = summary FS are **consistent with / fair summary of** audited FS; not "true and fair"		J26 5.4
confirmations: replies from e-mail IDs not on record · zero-balance parties · client itself obtained letters · cash-settled high-volume accounts	SA 505 para 10–12, SA 240, SA 260, SA 705	unreliable response → alternative procedures (subsequent receipts/payments); client-obtained letters are **not** external confirmations; cash settlements → fraud risk, communicate to TCWG; inability to obtain evidence → qualified if material not pervasive		M26 1.2
auditor drafts letter to TCWG / audit committee · "UDIN needed?"	ICAI UDIN FAQs	UDIN per document, not per year; required for all certificates & reports, including communication to TCWG? → **not** required for mere management letters/TCWG communication; generated within 60 days		M26 3.3
qualified opinion on full FS · later asked to audit one element (e.g. receivables) · publish together?	SA 805 para 15–17	can give unmodified opinion on element if separate engagement and element not affected; report on element must not be published with full FS report if that would undermine; if modification on full FS **relevant** to the element → modify		M26 4.3
summary FS report dated after full FS report · full FS had qualified opinion	SA 810 para 17–18	state that summary FS do not reflect events after the date of the full FS report; describe basis for the modified opinion on full FS		M26 4.5
asked to audit a single element under a special-purpose framework · "acceptance, planning, performance"	SA 805 + SA 800	acceptability of framework; whether element is separable; materiality for the element; apply all relevant SAs; form of opinion; reference to full FS report		M26 4.7
new auditor · opening inventory · predecessor's evidence · "if evidence not obtained" · "if misstated"	SA 510 para 5–7, 10–12	procedures: observe current count & roll back, review predecessor's papers, prior-period records; no evidence → qualified/disclaimer; misstated & uncorrected → qualified/adverse		S25 1.6
fraud not caught though CAATs used · "why"	CAATs (SA 240, SA 330 app.)	CAATs limited by data quality, parameters set, scope; they test 100% of data only within defined rules; cannot detect collusion/override by themselves		S25 4.2
CA examines projected cash flows / profitability for a bank · UDIN · opinion type · accuracy	SAE 3400 + UDIN	UDIN mandatory; opinion = negative assurance on assumptions + whether prepared consistently with them; accuracy of projections **not** vouched; state intended use & caution		S25 5.1
management rep · receivable uncertain · auditor uses EOM	SA 706	EOM only for matters properly disclosed; if evidence lacking → modify under SA 705, not EOM		M24 1.7
client has stock of cars · valuation	AS/Ind AS 2 via audit	lower of cost / NRV per item		M24 3.1
CA firm website · solicitation	Code of Ethics / ICAI website guidelines	website allowed, no push technology / advertisement; otherwise cl.6 Part I Sch I misconduct		M24 3.2
internal auditor reports control deficiencies in receivables · "statutory auditor reaction"	SA 610, SA 265, SA 240	evaluate IA work; unremedied significant deficiency = fraud risk factor; communicate to TCWG		M24 3.7
CA asked to manipulate prospectus for financing	Code of Ethics threats	advocacy / intimidation threat; decline		M24 4.1
CA lets non-CA practise in his name	CA Act Sch I Part I cl.1	misconduct		M24 4.2

Trigger	Go to	Rule	Page	Src
two companies, different report issues (going concern, scope)	SA 705 / 570	map each: material not pervasive → qualified; pervasive → adverse / disclaimer; GC uncertainty → separate para		N24 1.6
inventory shrinkage in a listed company	SA 701 KAM	report as KAM with how addressed		N24 4.5
prospective FI with inconsistent policies · no UDIN	SAE 3400 + UDIN	require consistent basis; UDIN mandatory on all reports/certificates		N24 5.8, S25 5.1
board asks for a fresh audit report after date	SA 560	new report dated no earlier than approval; dual dating / EOM		M25 1.2
new digital system · "which controls to test"	SA 315 IT GCs	access, change management, program development, operations		M25 3.3, 3.8
cyber attack type · control	Cybersecurity	ransomware → firewall log monitoring, backups; phishing → training		M25 4.5
group audit with component auditors · "where in CFS report"	SA 600 / SA 706 OM	Other Matter paragraph: component figures and reliance on other auditors		M25 4.7

Sheet 7 — Costing & Strategy

Trigger	Go to	Rule	Page	Src
matrix of problems vs lean tools (standardised work, JIT, 5S/visual, value stream)	Lean / JIT chapter	standardised work ↔ uniform procedures; JIT ↔ produce only as needed; 5S ↔ search-free arrangement; VSM ↔ map steps, find NVA		J26 2.1
quality cost figures · complaints from production / marketing / HR · "draft a report"	Cost of quality (4 categories)	prevention, appraisal, internal failure, external failure; high non-conformance share → move spend to prevention/appraisal; report format: heading, findings, recommendations		J26 2.6
NGO / trust · "measure performance" · "value for money"	VFM framework	Economy, Efficiency, Effectiveness (+ Equity, Ethics) — define each, apply to inputs → outputs → outcomes		J26 3.6
"bottom lines" · sustainability	Triple bottom line	economic, environmental, social (people, planet, profit)		J26 4.3
TQM · make-vs-buy of an input · "primary activities"	Porter's value chain	inbound logistics, operations, outbound, marketing & sales, service — state effect of in-house sourcing on each		J26 4.6
long company story · plantation / sourcing / channels / sustainability / customers · chairman attends "workshop" on canvas	Business Model Canvas (Osterwalder, 9 blocks)	key partners, activities, resources; value proposition; customer relationships, channels, segments; cost structure; revenue streams — one paragraph each from the facts		M26 1.6
units to produce next year · learning curve or cost behaviour · "expected total variable cost"	Learning curve / cost estimation	cumulative average time × units × rate; or high-low for variable cost; watch for step costs		M26 2.4
products waiting for QC · moving between buildings · 10% inspection · disorganised store	NVA activities (storing, moving, waiting, inspecting)	waiting ≠ storing: waiting = idle before next operation; eliminate moving/waiting/inspecting; implication: lead time ↓, cost ↓, may conflict with "artisanal" positioning		M26 2.5, 2.6
contradictory market reports · unique product · new country · "pricing strategy"	Pricing strategies	no competitor → skimming; price-sensitive market → penetration; uncertain reports → sequential/test pricing; consider costs, elasticity, entry barriers		M26 4.8
airline services · "Kano" · basic / performance / excitement / indifferent	Kano model	basic = expected (safety, on-time); performance = more is better (legroom); excitement = unexpected (free wifi, lounge); indifferent = no effect		M26 5.1
"align seven elements" · operational robustness · change	McKinsey 7S	hard: strategy, structure, systems; soft: shared values, skills, style, staff — map each to the facts and show interlinkage		M26 5.6
operating income change · "market size factor" · "product differentiation" · prices and quantities for two years	Strategic profitability analysis (growth / price-recovery / productivity)	growth component = (actual units − budgeted) × budgeted CM; market-size part = industry growth share of that; remainder = product differentiation (price-recovery)		S25 3.1
robots / AI replace manual work · "from the customer's view" · transformation / disruption / automation	Digital transformation types	automation = same task done by machine, no change in customer value → **automation**; disruption changes the market; transformation changes the business model		S25 2.3
BRSR disclosures · which principle violated · "inclusive growth"	BRSR / NGRBC 9 principles	P8 = inclusive growth & equitable development: CSR impact, displacement, local sourcing; map each disclosure to a principle		S25 2.4
"triple bottom line report" · list areas	TBL (economic, environmental, social)	economic: market, profit, suppliers; environmental: energy, waste, emissions; social: labour, community, safety — each with the case's facts		S25 3.6
new premium product · unique tech · high price kept high · "pricing policy"	Pricing policies	premium pricing (sustained high price for perceived quality) ≠ skimming (high then lowered); penetration = low entry price		S25 4.3
diversification into new product · "Porter's five forces with facts"	Five forces	entrants, substitutes, buyer power, supplier power, rivalry — one paragraph each using the case facts; conclude attractiveness		S25 4.8
objectives list · "which belong to the Balanced Scorecard"	BSC 4 perspectives	financial, customer, internal process, learning & growth; exclude objectives that are none of these (e.g. pure compliance)		S25 5.3

Trigger	Go to	Rule	Page	Src
budget vs actual profit · marginal costing · "reconciliation"	Variance analysis — reconciliation statement	budgeted profit → sales volume variance (CM basis) → sales price → material price/usage → labour rate/efficiency → variable OH → fixed OH expenditure (no volume variance under MC) → actual profit		S25 5.6
bottleneck minutes per product · "product return per minute" · TA ratio	Throughput accounting	return/min = (price − material) ÷ bottleneck minutes; TA ratio = throughput per factory minute ÷ cost per factory minute		M24 1.8, M25 5.1
material usage variance "not affected by"	Variance causes	price-type causes (inferior material price) don't affect usage variance		M24 4.5
Kaizen costing features	Kaizen vs standard costing	continuous small improvements, cost-reduction targets, employee-driven; not year-on-year targets		M24 5.3
productivity improvement · traditional vs planning/ operational variances	Planning & operational variances	revised standard; planning = original vs revised; operational = revised vs actual		N24 2.8
shift production data · TPM world-class?	TPM / OEE	OEE = availability × performance × quality; world class ≈ 85%		N24 3.7
freemium / online support model	Digital business models	freemium, subscription, marketplace, advertising		M25 1.1
pull system, JIT, supply chain savings	Supply chain management	in-bound: vendor integration, JIT; out-bound: distribution, CRM		M25 2.1, 2.6
make or buy · sensitivity to purchase price	Relevant costing	compare relevant cost of making vs buying; break-even purchase price		M25 3.6
